**\*To help organizations understand our commitment to quality and the services we offer, we require every participating organization to attend a fundraiser training session at our facilities prior to starting their fundraising program. The more you understand our procedures, equipment, people and services, the better prepared you will be to have a successful fundraising campaign.**

"This was a great experience for our youth group. We were able to raise over \$2,100 in 30 days. Everyone knows about the great car wash you get at Green Lantern. That helped make the selling of car washes very easy."

*Calvary Apostolic Church Youth Group*

"It was amazing, some of the kids sold out their entire packets in the first day. We had to contact Green Lantern and order more coupons to sell on just the second day of our fundraising campaign. Your program is well organized and is extremely easy to administer."

*Titans Youth Baseball Team*

"Thank you for all your help in organizing the car wash fundraiser for our soccer team. What a great fundraising opportunity for our community!"
